

Varn MRC

Dampener and metering roller cleaner

Varn MRC is a powerful degreaser and ideal for bareback dampeners and other areas where fast evaporation is necessary to prevent wash contamination and hence slow start-ups due to scumming etc.

Varn MRC has been specifically formulated for press applications that previously required the now banned substances Trichloroethane or MEK.

Features	Advantages	Benefits	Product Benefits
Anti-static action.	Retards dust re-settling by producing an anti-static sheen.	One application reduces dust contamination. Improved origination.	<ul style="list-style-type: none"> • Ultra fast evaporation. • Leaves no greasy residue.
Suitable for all pre-press and pressroom applications.	Versatility.	One product for all applications.	<ul style="list-style-type: none"> • Powerful cleaning action.
Suitable for spray application.	Easy application.	User friendly. Fast, effective cleaning.	<ul style="list-style-type: none"> • Removes dried ink.
